15. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

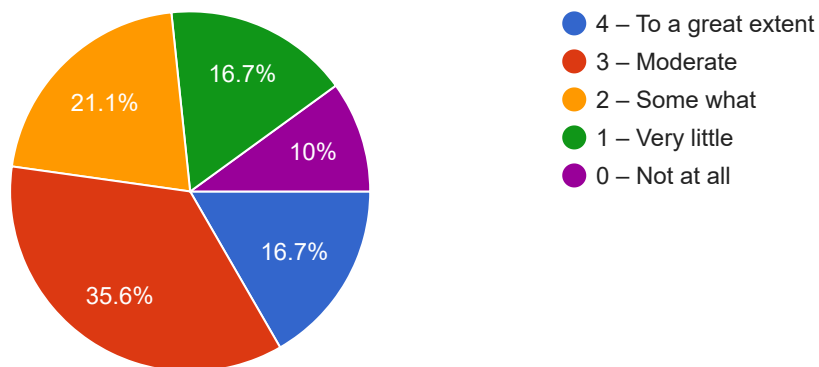

90 responses

16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

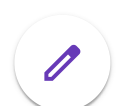

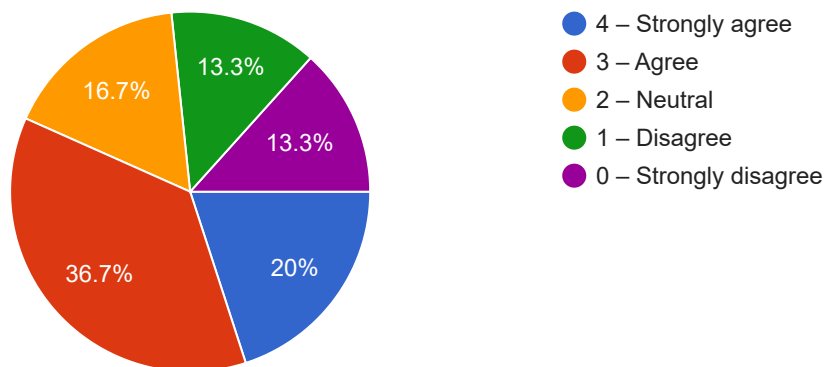

90 responses

17. Teachers encourage you to participate in extracurricular activities.

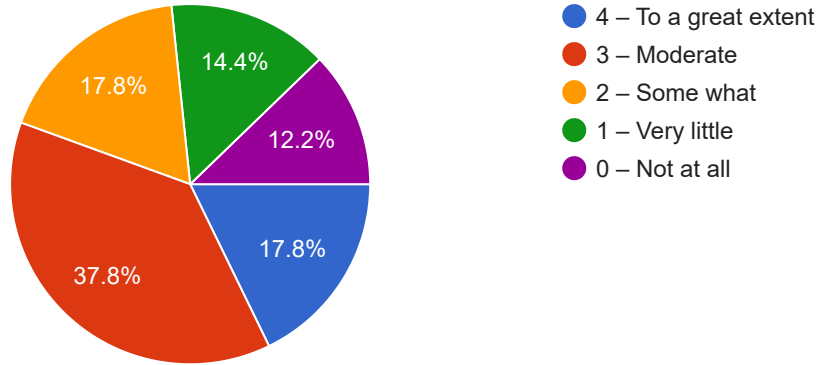

90 responses

18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

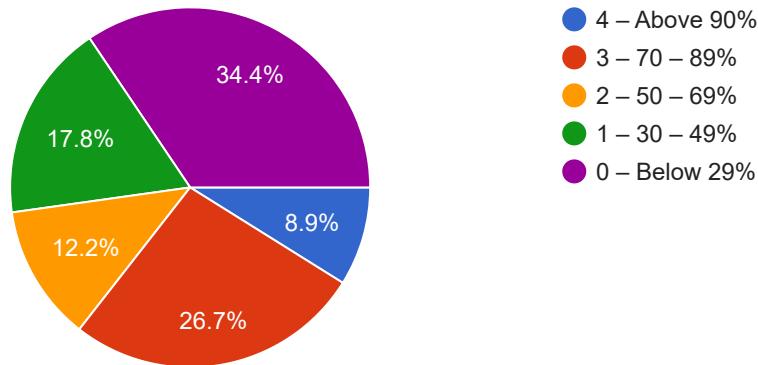

90 responses

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

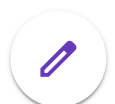

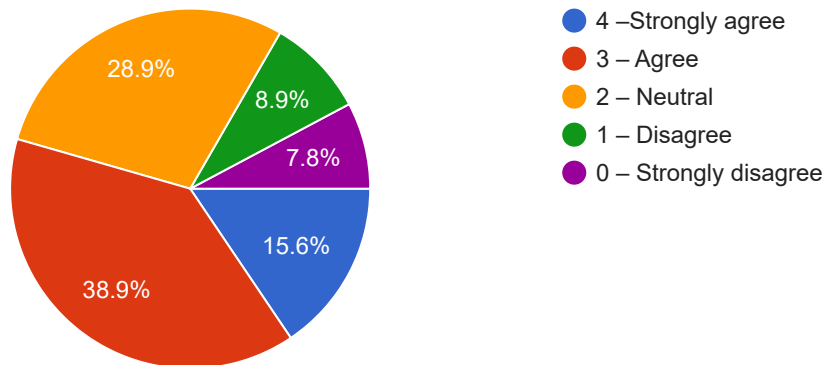

90 responses

20. The overall quality of teaching-learning process in your institute is very good.

90 responses

21. Give suggestions to improve the overall teaching – learning experience in your institution.

90 responses

Nothing

Good

No

Need more experienced faculty

No suggestions

Good

Change the faculty for better improvement

All r good 👍

Teachers should be more active and see the students are able to understand the concept. Activities which improves communication skills should be implemented tho there is no such social interaction , cultural events in the college.

Teach every subject via picture based

Required improvement of infrastructure and lab requirements such as pharmacology lab additional subjects

Replacing a certain someone may help!

Clarify students expectations
Improve our programmes and seVICES

They should be more improve in these coming years

To encourage the students

All is good

Yes

Should be more better

Yes

Need to improve ICT tools while teaching

Providing projectors in every classroom and

Management should allow the students to take electronics like laptop, tabs etc.. Which are useful for studies....

* Other than studies management should stop collecting cheap fines from students like ₹10 , ₹20

Allow experienced faculty to teach

Need more faculty

Need to improve in every factor that mentioned above not all satisfactory frm the management,i recommend my feedback will give awareness , thank you

Use screens for explanation

Overall it's Good . No more suggestions.

Am glad with the learning in our institution and even waiting for little more use of LCD projectors during the practical sessions for better understanding.

Have to improve by teaching the students out of the box. They should teach practically. Encourage them in various poster presentation and other activities and those to be conducted in college also. Conduct events in college and encourage the students who are interested. Not only academics wise they should improve in co-curricular activities. Should engage the students in various other opportunities and also should be fair with everyone. Should have any clashes between them. Should understand what are the students feeling about them and also be able to improve facilities in the college.I would also say that faculty have to improve their communication skills when they are talking with students.

Statistisfy

Please take care and good behaviour with Bengali student

Should explain the topics in depth and appropriately

Work hard and smart .

It would be a lot more helpful if the institution employees people based on the experience and their scope in the particular subject, cause when it's not the case even if the employer try and explain it would lack the general details of the subject. And request to inform students before changing faculty,give a demo and consider their feeling on having a new teacher.

It would be better if the management consider students reviews more often.Among all the faculty there are only few faculties that deliver the content up to the mark. The main issue we have been facing now-a-days is frequent change of faculty.It would be more helpful for the students if the management employees people who has experience in teaching and in subject.Before changing of faculty for any subject give demo for the respective class and

consider students reviews. If any inconvenience is reported against the subject or faculty consider them. I hope these minor issues will be considered by the management for the betterment of students .

.

Provide the sufficient faculty.. With well skilled and experienced.....

Very good

The way of teaching need to improve more

Take class in hindi

It should be improved a lot.

We need to be in digitalization, not making the college like old school.

Facilities should be more like more projectors for every class, updated computers (windows 11) and allowing us to use any digital devices in the classroom in the absence of faculty.

Activities should be improved.

Thank you for this opportunity.

Hope you will consider this.

Explain the topic to some extent

Teacher is non experienced, only communicate telegu language, vice principal also , teaching skill very bad , class is not going properly, hospital , teachers communicate only telegu students

.

Need to improve

Need more experienced Faculty

The college should improvise in the terms of digitalization. Should allow the students to bring their own gadgets and laptops. Should conduct extra curricular activities and events.

Experienced teachers are needed

Change the staff and doing equally behaviour with other state students

Providing extracurricular activities twice in a year (events , freshers)...and have good bond with the students and with their parents....

They shouldn't show any partiality between every students

Try to reach every student and ask for their doubts. ...

Soft skills classes from 1 sem onwards

Change the faculty

Thorough with the subject and explaining the doubts of the student

Some more teaching in projector

No need to give any suggestion

Add few other key point's while teaching

Continue very well teaching

Agree

No suggestions needed

Interaction with students while teaching

We want some what best

Change the way of teaching (in slow manner)not in fast manner

Use projectors for better understanding

Teaching faculty is super

But inorganic chemistry is not better but other faculty cover the subject

None

Average

Quizzes, debates can increase student interest.

Nothing

Use LCD projector, multimedia more

Pure waste of money 👍

Provide experience faculty to us

We need more experienced teacher for inorganic and Bio chemistry

Provide classes and information about compitative examinations

To complete full syllabus
To give placement opportunities
To conduct some cultural events in the clg

Every faculty has excellent subject knowledge and outstanding teaching skills

Overall teaching I my institute is excellent

Very good
