Description	<p>Kabaddi, a traditional South Asian sport, has gained international recognition with competitive tournaments held worldwide. Kabaddi competitions typically involve two teams, each comprising seven players. The game is played on a rectangular court, divided into two halves. One team sends a raider into the opponent's half to tag as many defenders as possible and return safely to their half within a single breath, all while chanting "kabaddi, kabaddi" to prove they're not inhaling.</p> <p>Meanwhile, the defenders strive to tackle the raider and prevent them from returning. Points are scored when the raider successfully tags opponents or if defenders manage to hold the raider until they run out of breath. Kabaddi requires agility, strength, and strategic thinking, making it an exhilarating spectacle for spectators.</p> <p>Competitions range from local and regional tournaments to international championships, such as the Kabaddi World Cup and Asian Kabaddi Championships, attracting top teams from around the globe. These events not only showcase the athleticism and skill of the players but also celebrate the rich cultural heritage associated with this ancient sport.</p>

Description	<p>The high jump is a track and field event in which athletes aim to clear a horizontal bar at increasing heights without knocking it down. It's a staple of both indoor and outdoor track and field competitions.</p> <p>Athletes typically use a curved approach to generate momentum before jumping. They employ a variety of techniques, including the straddle, the Western roll, the Fosbury flop, and the scissors jump. Of these, the Fosbury flop, introduced by American Dick Fosbury in the 1960s, is the most widely used technique due to its efficiency.</p> <p>Competitions follow a format where athletes have multiple attempts to clear the bar at each height, with those who fail to do so being eliminated. The last athlete remaining after all others have been eliminated is declared the winner.</p> <p>High jump competitions often captivate audiences due to the dramatic nature of athletes leaping over ever-increasing heights. Records are frequently broken as athletes continuously refine their techniques and push the boundaries of human capability in this exhilarating event.</p>

Description	<p>The long jump is a track and field event where athletes sprint down a runway and jump as far as possible into a sandpit. It requires a combination of speed, strength, and technique.</p> <p>In a long jump competition, athletes typically have a set number of attempts, usually around six, to achieve their best distance. Each jump is measured from the takeoff point to the nearest mark made in the sand by any part of the athlete's body.</p> <p>The competition is governed by rules regarding fouls, which occur if an athlete steps beyond the foul line at takeoff or if they touch the ground in or beyond the landing area before the measurement is made.</p> <p>Judges ensure that the jumps are legal and measure the distances accurately. The athlete with the longest legal jump wins the competition.</p> <p>Long jump competitions are commonly featured in track and field events at all levels, from local meets to international championships like the Olympics, where athletes showcase their skill and athleticism in this dynamic event.</p>
